

english-to-go.com™

- **Instant Lessons™** provide **up-to-date**, topical lesson content that provides a modern and effective approach to language learning and global literacy.
- Instant Lessons have the **quality** and rigor found in traditional textbooks, but with additional access to over 1000 English language resources. This is equivalent to 25 text books at five levels plus another 5 resource books and an online community of teachers.
- Lessons are constantly being updated and **new resources added**.
- Instant Lessons are the core of English-To-Go's provision of English language learning tools, and the most requested resource from our **25,000 teacher users in over 150 countries!**
- **Instant Workbook™** provides interactive exercises for students to do on the Internet. They are linked to Instant Lessons and other English-To-Go resources. Instantworkbook.com provides additional exercises for your students to do as homework or as a class. You can control the access and pre-select the activities.
- Instant Lessons are used and **endorsed by professionals in many of the world's top Universities, colleges and schools**. They are the reason why English-To-Go is the trusted global provider of learning products that work!
- Instant Lessons have been on the Internet since 1998 and have the advantage of an **extensive library of Instant 'print and teach' materials**.
- **The extensive range and quality** of English-To-Go's Instant Lessons make us the best e-learning provider in the market.

English-To-Go offers a **unique and highly effective approach to English language training** that blends both online and offline learning. English-To-Go is the most **cost-effective** answer to English learning and resourcing, providing extensive content and expert knowledge within a **simple to use** solution.
